

Food Giant Market Celebrating 11th Anniversary Today

The 11th anniversary of the Food Giant Market chain will take place today, it was announced by Theodore E. Cummings, president of the company. To celebrate the event, all 46 Los Angeles and Southern California Food Giant Markets are taking part in a gigantic 11th Anniversary Sale, he added.

Special anniversary low prices and special anniversary savings will be the order of the day, in every department of the markets.

"Even though it is our birthday," Cummings said, "we would like to give gifts to everyone to help us celebrate our 11th Anniversary. We feel that the best gift we could give to everyone, would we specially reduced prices and huge savings. And that's just what is in store at every Food Giant Market."

THIS 11th anniversary sale caps 11 years of rapid growth for the Food Giant chain. The

Trip to Moon Offered Here Next Friday

Local children will be treated to free trips to the moon Friday when Frankie Luer brings his huge space ship to Toshi's Market at 23747 Arlington Ave., Torrance. Free trips in the rocket ship will be available from 2 p.m. to 7 p.m.

Built by Luer Packing Co. to entertain their young friends, Frankie Luer's Space Ship is an authentic 60-foot replica of the giant interplanetary ship of the future.

Inside its metal hull, the space ship contains a comfortable 34-seat auditorium where children are seated for their 7-minute trip to the moon. During their trip the young space travelers experience all the thrills of supersonic flight, from the first surge of power as the ship blasts off to the final bump as it lands again.

first Food Giant Market opened in Lynwood in 1951. By 1957, there were four markets, but the Food Giant reputation for the finest meats, produce, and groceries ensured future growth. Now there are 46 Food Giant Markets in Los Angeles, Orange, Ventura, and Kern counties, with three more markets scheduled to open by the end of the year.

Many of the same men and women who helped Food Giant in the early years are still with the expanding chain, and it is not unusual for families shopping at Food Giant Markets to become close friends with the market people.

ACCORDING TO Food Giant President Cummings, the supermarket chain plans to open 13 more markets shortly.

"All of us at Food Giant are grateful for the many friendships we have made in the past," Cummings said. "We look forward to even greater expansion in the future, based on these past friendships. We pledge that we shall always maintain the same high standards of service, quality and value that have enabled us to grow, to where we are today."

Mayor Urges Support Of Retarded Children

An all-out community support of National Retarded Children's Week is urged by Albert Isen, mayor of Torrance. The funds campaign, started last Sunday, will be observed in this city until Nov. 22.

The Southwest Assn. for Retarded Children, a member unit of the national association, is appealing for financial support to help each mentally retarded individual develop to the height of his potential.

More than 100 causes are known for this affliction and in recent years science has learned to control and prevent several types.

Since its founding in 1950, the national association has

promoted a program to help the 5 1/2 million Americans who are mentally retarded to become contributing members of society. This assistance encompasses religion, health, education, recreation, welfare law and government work guidance.

Donations may be sent to Southwest Assn. for Retarded Children Inc., P.O. Box 494, Torrance.
